Comm. Amdt. _____

by deleting Section 4 in its entirety and by substituting instead the following:

SECTION 4. Tennessee Code Annotated, Section 68-120-204, is amended by deleting subdivisions (a)(1) and (2) in their entirety, by substituting instead the following, and by renumbering the subsequent subdivision accordingly:

(1) Any public building which is constructed, enlarged, or substantially altered or repaired after the effective date of this act, shall be designed and constructed pursuant to specifications, approved by the responsible authority, making such building accessible to and usable by physically handicapped persons. The minimum specifications, except as provided in § 68-120-205 and subdivision (2) of this subsection, shall be the 2002 North Carolina Accessibility Code with 2004 Amendments, and any further amendments, supplements or subsequent editions, or any other code as the state fire marshal determines by rule, or the currently enforced Uniform Federal Accessibility Standards (UFAS), or the currently enforced Americans with Disabilities Act Accessibility Guidelines (ADAAG). The minimum specifications for a project shall be those in effect at the time the project is submitted to the responsible authority for final approval of the construction, enlargement, alteration, or repair.

(2) For public buildings for which a jurisdiction of a local government is the responsible authority, the local government shall select handicapped accessibility specifications that comply with at least the minimum requirements of the federal Americans with Disabilities Act.
